DATA ON CERTIFICATE

PROPOSAL

To add PLT and PLD for "non spi" on the certificate.

RATIONALE

As many of the Austrian regattas in the Adriatic are done with charter boats and are sailed without spinnaker it would be fine to have not only the GPH and TOT for "non spi" but also PLT and PLD because we think that this would be the better option for scoring completely different boats. This would bring ORC forward in the mind of the wide range of touristic sailors and make it possible to increase the number of certificates once more because then some organizers will change to ORC Club from the Yardstick-System.
